Rural Utilities Service

TITLE: Environmental Policies and Procedures (7 CFR Part 1794)

OMB CONTROL NUMBER: 0572-0117

SUMMARY OF COLLECTION: In December 1998, the Rural Utilities Service (RUS) published its revised Environmental Policies and Procedures and in 2003 revisions were made to clarify policy on certain environmental review processes. The rule promulgated environmental regulations that cover all RUS Federal actions taken by RUS' electric, telecommunications, water and environmental programs. The regulation was necessary to ensure continued RUS compliance with the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of the National Environmental Policy Act (NEPA) (40 CFR Parts 1500-1508), and certain related Federal environmental laws, statutes, regulations, and Executive Orders. RUS electric, telecommunications, water and environmental program borrowers provide environmental documentation to assure that policy contained in NEPA is followed.

NEED AND USE OF THE INFORMATION: Agency applicants provide environmental documentation, as prescribed by the rule, to assure that policy contained in NEPA is followed. RUS will collect information to evaluate the cost and feasibility of the proposed project and the environmental impact. If the information is not collected, the agency would not be in compliance with NEPA and CEQ regulations.
